### *A Toast to the School*

The sweetest memories in the life of the average person are the memories of high school days. Our intimate associations and comradeships bring us into a closer alliance with each other. We have a better understanding of the trials and hardships that each student undergoes during his high school career, which naturally leads to mutual friendships.

There is a tie which binds us to each other that we cannot understand. There is a feeling in our hearts toward one another that cannot be explained. We, through coöperation and mutual responsibility, have learned to love one another, and though we live to a ripe old age, even three-score years and ten we shall not forget our associations and comradeships in dear old B. H. S.

To our instructors, we wish to pay our tribute. Whether we leave these walls for higher institutions of learning, or for simple home duties, or for the business world, we shall go with a spirit that will never die and which will never let us forget our dear Alma Mater. We shall forever cherish her dear name.

Why should we wait until we have gone out from these halls, some of us probably never to return, to pay our tributes to those who have taught us, and whom we love so well? Why not throw our bouquets now?

We pledge to thee, O Spirit strong,  
That through the years hast led  
Our feet thy paths of truth along  
And hope with virtue fed.

Hast shown new beauties in the scope  
Of duty's toiling way;  
We pledge to thee, our life, our hope  
In this glad hour to-day.

Its banner fair our deathless aim,  
We shall not fail to pay.  
All homage to thy glorious name.  
O this, we pledge to-day.

Delivered by John Whitley  
at Junior-Senior Banquet  
March 9, 1928.

## OUR POST-HOLE DIGGER

Our post-hole digger is well worn,  
For many hardships it has borne.  
Still 'tis our mascot ever dear,  
And tells us we must work with cheer.

The hard earth's crust by it was riven;  
The firm red clods to it were given.  
As it dug and dug its enemy the earth,  
The faithful digger has won its worth.

Our hands do show that we have worked,  
And ne'er our post-hole digging shirked.  
Our grounds are now the prettiest 'round,  
And soon the digger will be laid down.

*Motto:* "We're not on Top, but Climbing"

*Flower:* Sweet Pea

*Colors:* Rose and Silver

It does not take flowery words to describe "Dub," but the adjective "fine" sums up his character. It is just as if all the noblest of characteristics were put in one big melting pot and then labeled "Dub."

## Senior Class History

September 10, 1925, a call was issued for recruits to train for the first Crusade, to conquer High School. A large number responded to the call and Regiment '29 was organized. The following officers were elected: Carlos Pennington, Colonel; John Whitley, Lieutenant-Colonel; and Helen Fowler, Regimental Sergeant Major. The Generals, Miss Webster, Miss Holton and Mr. McBane, saw that the training of the "raw" Recruits was properly carried on. The Recruits were trained in knowledge and athletics. In the struggle with Latin, Science, Algebra, Civics, and English many were victorious; others, unable to stand the strain, left the training field. At the end of nine months drilling the Recruits were given a furlough of three months.

Nearly all the recruits returned after their furlough and started their second Crusade. They were promoted to the rank of Private. Miss McQuarie, Miss Carroll, and Miss Shepard were the Generals this year. The officers elected by the Privates were: John Whitley, Colonel; Frank Holt, Lieutenant-Colonel; Harold Trollinger, Major. Under the efficient leadership of these officers and the guidance of their able Generals, the Privates were able to accomplish much. They took an active part in athletics, some winning varsity letters. They ran a close race in the Inter-Class Athletic Contest. After the second nine months training in scholarship, club work, and athletics the Privates were again granted a furlough of three months.

At the opening of school September 4, 1927, the Privates returned and were given the rating of Corporal. This time the Regiment determined to accomplish more than ever. The Generals were Miss Shepard, Miss Kernode, and Mr. Rhodes. Under its efficient officers, Allen Mebane, Carlos Pennington, Edwina Laws, and Sam Warlick, the Regiment progressed rapidly in athletics, scholarship, and club work. To raise money for the Junior-Senior Banquet, the Corporals gave the Junior Party on Halloween Night. On this occasion the hardships of educational discipline were forgotten; an evening of fun and merriment was enjoyed by the Army of B. H. S.; and the necessary funds for the coming banquet were secured.

An outstanding achievement of Regiment '29 was the Junior-Senior Banquet held at Fisher Street School. The Corporals entertained their superiors royally.

Many members of the Regiment participated in athletics. Some received varsity letters, while others made varsity squads. By the skill and cooperation of the entire Regiment in the Battle of Athletics the Corporals succeeded in winning the coveted Inter-Class Cup.

In June the Corporals ended a successful year. Now that they were well trained they hoped the furlough would soon end for they were anxious to make their fourth Crusade.

September 4, 1928, the surviving Corporals entered High School for their last time. They were now non-commissioned officers with the rating of Sergeant. As Miss Morrow was unable to instruct the Sergeants, Miss Walters and Mr. Leonard were the Generals. They were not as many Sergeants as there had been recruits. Some had dropped out because they could not endure the hardships, while a few preferred other training and enlisted for service on the Sea of Matrimony. The remaining undaunted Sergeants eagerly looked forward to victory in many fields. Under the command of its able officers, Allen Mebane, Elizabeth Sellars, Edwina Laws, and Franklin Overman, the Regiment proposed and carried out many projects.

It undertook the difficult problem of publishing a year book called "DOE-WAH-JACK." This book was dedicated to Miss Morrow for her faithful services to Regiment '29 in former Crusades and for her untiring service and loyalty to the Army of B. H. S.

The Inter-Class Cup is now in possession of the Sergeants and they are looking forward to winning the Battle of Athletes the second time, thereby keeping the trophy. Many Sergeants have won varsity letters.

The Regiment also selected and successfully presented a play called "Green Stockings." The Sergeants were greatly honored and graciously entertained at an elaborate banquet given them by the Juniors.

The success of Regiment '29 in the four Crusades to conquer High School has been due largely to the fact that its members have tried to live up to their motto, "We're not on top, but climbing." After victory over High School they are looking forward to winning even greater victories on the larger field of Life.

### *Senior Class Poem*

To you on this Class Day,  
Let us our tribute pay.  
The dearest school of all  
We love and heed your call.

The triumphs we have made,  
We at thy feet have laid.  
Both victory and defeat  
At thy dear threshold meet.

When days to us were gray,  
And hardships came our way,  
Our teachers ever dear  
Brought happiness and cheer.

Oh Class of twenty-nine,  
For you we'll always pine.  
In years that are to be  
We'll often turn to thee.

Our friends and comrades true,  
We wish success to you.  
And faith and courage keep,  
Though the pathway may be steep.

'Neath rose and silver skies  
May hopes and joys arise,  
To climb and never stop  
Till we have reached the top.

Oh school so just and right,  
We love thee for thy might.  
With brave hearts sad and true  
We say "farewell" to you.

Now that this battle's won,  
Now that our life's begun,  
To friends and classmates, too,  
We say "good luck" to you.

## Class Prophecy 1929

Lake Beautiful, N. C.  
June 15, 1939.

Our dear Netta Cook:

When Allen Mebane, President of our Class of '29, invited us here for a reunion, our first thought was one of joyful anticipation; our second, one of deepest regret that you could not leave your teaching in the Philippines in order to be with us. Since you cannot hear our good wishes individually, let us say that every member of the Class of '29 wishes you the greatest success and the best of luck.

It is wonderful here in the hills. Allen's beautiful home and its surroundings present a charming and inspiring scene that all of us will remember for years to come. The large stone house, overlooking the beautiful terraced lawns, lovely gardens, and a blue lake would do your heart good.

From where we sit on the shady porch we can see Allen, who has made a lucky break into the International Shoe Co. and is now on the Board of Directors, strolling in the direction of the lake with a certain young lady, whom we recognize as our fashionable society leader, Dorothy Sellars.

Here comes somebody carrying a bag which reminds us of—it is! It's Harvey Allen. He has just returned from Chicago, the meat center of the United States, where he is employed by Swift and Co.

Alvis Smith, superintendent of the largest hosiery mill in Burlington, rises from his seat near the walk and goes to meet his old friend. He and Harvey will enjoy talking over old times.

Our attention is drawn to the side yard by whoops and yells, which recall our free-for-all volleyball games of long ago. We recognize several of the old bunch who are interested in athletics. "Puny" Overman, J. D. Cook, and "Red" Coble are trying to tell each other how many football games that the teams which they coach won during the past season. They are interrupted by "Steve" Garrison, who is trying to show them a new knockout blow that he has developed in his years as an amateur prize fighter.

At the other end of the porch Frank Andrews, who has been playing baseball with a team in the Piedmont League, is discussing the last game with "Pot" Anthony, who has recently inherited quite a large sum of money and is sailing soon for Europe. By the way, "Pot" is taking J. B. Pegram along as secretary. You remember he knows so much about foreign languages.

We hear a voice behind us. It is the voice of Yank Coble, a rushing furniture dealer in Burlington, who is trying to sell Bob Willis some furniture on the installment plan. Robert insists that he'd rather use his money to buy old Fords so he can use the parts in his garage.

Here comes our old friend Charlie Baldwin. He seems to be very popular with the men at present. We wonder why. Oh yes—we forgot. Charlie is salesman for the manufacturers of Brown Aisle Tobacco.

We see our silent member, Lucille Montgomery, out in the garden. She has probably been explaining to Esther Gattis her methods of teaching in the deaf and dumb school at Altamahaw. Esther, who was with us but a little while in B. H. S., is now stenographer at Thomasville Orphanage. They are joined by Phyllis Scott, who has succeeded her sister as cashier of B. H. S. Cafeteria.

We see Agnes Layton in her new Ford coming up the driveway and, as usual, she is using her compact. Our hearts almost fail us when she nearly runs over Dorothy Bright, who happened to be walking in the driveway memorizing from a Caesar Jack a passage that her Latin class has been assigned. We almost forgot to tell you what Agnes is doing. She is about to put the A. and P. out of business with her successful chain of grocery stores.

Here come Tracy Lee Clark and Vera Walker in search of something to drink. Tracy Lee is now the successful proprietress of the Alamance Coffee Shop. Vera is her head waitress.

Yesterday afternoon we went down to the landing field to see Victor Shoffner take some of the members for a short ride in his airplane. Victor should be a good pilot for he is a designer in an airplane factory.

When we reached the field Victor was just taking off with Annie Lee Horne and Mildred Cates. They, from force of habit, were flirting with the pilot. Annie Lee is an artist for "French Review," and Mildred a stenographer in the Pacific Bank and Trust Co. of Mebane.

Nellie Cates and Madeline Meador wished to get a flying thrill, too. Nellie, who works for a collecting agency in Asheville, wished to fly over that city. Madeline, who has followed in her father's footsteps and is now a promising young lawyer of Graham, won with her plea for a short flight over Allen's estate.

While waiting for the return of the fliers we chatted with and listened to some of our other classmates who were present. Willis Boland and Lednum Amick entertained us by telling some of the interesting things they had experienced in the last few years in their travels with their famous bands.

Essie Griswold, girls' basketball coach at Glenn Raven, and Tressie Hinshaw, physical "torture" director at the same place, waited for their ride in the airplane. They told us later that they overheard "Izzy" Knott, Cashier of the Pacific Bank and Trust Co. of Mebane, arguing with "Joe" Gant, who is connected with a commission house in New York City, over the interest on a small loan.

As we returned to the house we encountered some old friends we had not seen recently. We came upon John Whitley, our dependable member, lying under a tree reading. He is now, as of old, very studious and straightforward. He is very successful in the little town of Asheville, where the people call him "Lawyer Whitley."

Down by the lake we met the two very intimate friends, Elna Staunton, French teacher at Mount Pleasant, and Eugenia Howell, Sunday School worker at Saint Louis, Mo., looking for Foy Garner, dietitian at the Piedmont Hotel.

We found quite an animated group seated on the porch steps. You could have told whom we saw by their laughing and giggling. We'll give you three guesses.—That's right. It was Ruth Walton, doorwalker for McLellan's, Sara Hogan, and Rachel Brown, owners and operators of the largest beauty parlor in Yanceyville. Of course the giggling was caused by the remarks of our two little flappers, Iris Dorsett and Helen Horner, concerning the different shades of rouge and lipstick. These two girls have good positions with the government testing the "poisonality" of cosmetics.

## The Doe-Wah-Jack

After our long walk we were delighted to find Erma Lee Elkins, instructor of Math. at N. C. C. W., Eunice Hay, head of the Ladies' Ready-to-Wear Department of Ehrd's, and Bonner Moore, secretary and treasurer of Moore's Dairy, serving sandwiches and lemonade to the members.

Last evening we ran upon Irving Hall and Charles Pennington. They were animatedly discussing their latest love affairs, and trying to forget their business worries of running a men's clothing store.

Roy Bailey, who is now the world's famous billiard champion, was looking all over the house for a "fish." He found three of the old home town boys: Dewey Hargrove, the distributing manager of the city's largest ice plant, "Peter" Burke, head salesman of the local "Ancient Ford Motor Co.," and "Goose-egg" Love, energetic shoe salesman. Well, as in the days back in B. H. S., the three flipped a coin to see who would be "it."

We left Julia Mae Loy, now a well known Southern poetess, "burning the midnight oil" while she wrote the poem that is to be read at the banquet tonight.

George Anthony has made the place cards for the banquet. He has been unusually successful in his art and now holds a responsible position with a firm in Los Angeles. We are not surprised at his success for we remember his artistic notebook covers.

We must not fail to tell you of the delightful morning we spent. Awakened by a yell, we rushed to the windows in time to see Edwina Laws hanging out and trying to get a glimpse of some one as she dashed into the house. It was Eupha Isley, of course, on her way to Edwina's room for a "gab fest." They use this vocal talent on their students in the High School at Richmond where they both hold good positions as teachers of History.

At breakfast we found a letter from Helen Fowler, which stated that her "worse half" was ill and that she would be unable to attend the reunion.

Out on the tennis courts after breakfast we came upon "Peggy" Hinshaw, champion tennis player, and "Boo" Sellars, efficient business woman, playing a set. "Boo" was arguing about a "line ball."

On the side lines we found Ida Baker Williamson and Willa Walker. Ida Baker has at last become quite proficient in Math, and is now head of the Mathematics Department in High Point High School. Willa has taken over the active management of the Dennis-Shawn Dancing School in New York.

Looking around we saw "Bunk" Burke, world famous comedian, surrounded by a group to which he was shooting his line that would make the King of Czechoslovakia laugh.

About eleven o'clock we returned to the house to see the new arrivals and to write you.

On the porch we heard two dignified ladies talking with our banker, Mr. Knott. We know what they were trying to do because they've talked to us. They wanted a donation for the H. I. T. and R. P. (Home for Ill-treated Teachers and Run-down Principals). They were Alyse Dixon and Grace Thompson, who spend their time helping others.

Frank Holt, proprietor of the Cut Kate Book and Stationery Co., was trying to collect a bill from Sam Warlick, Manager of Belks Department Store.

Margaret Boone and Margaret Cole, welfare workers back home, were resting from their trip. They have worked hard in their new field and are enjoying this well-earned vacation.

While we have been writing about the events of yesterday and of this morning some of the guests have left the porch and new ones have arrived. That pretty blonde, Elizabeth Dailey, has just arrived from Hollywood, where she starred in the latest picture, "Why Hardware Stores Go Broke."

Chester Bray has just come from State College, where he is Professor of Physics. We might say that Chester is one of the foremost scientists of today. He is at present explaining Newton's Universal Law of Gravitation to Hadley Hurner, who, for obvious reasons, has moved his patent medicine laboratory to Haw River.

Joe Yarborough, the former volleyball star of B. H. S., and Scott Braxton are talking over their plans for the early opening of their new department store in the main business district of Glen Raven, N. C.

We were surprised a few moments ago to overhear Wade Coble, who has charge of his father's hardware store, and "Dub" Holt, manager of one of the leading hardware stores of Greensboro, discussing business possibilities in French.

"Polly" Walters and Mary Louise Smith have been discussing the opportunities that nursing presents for meeting bachelors. They are both nurses at St. Leo's.

Of all things! There's Myrtle Ledbetter talking her head off. She has recently published a book. The title is "How I Learned to Talk." Can you imagine it?

Our friend, "Lefty" Hornaday, a prosperous truck farmer, and Jack Garrison, who is spelling instructor at Saxapahaw High School, have just gone around to the barn to look over the live stock.

Hark! we hear music coming through the open window of the music room. We'll see who it is. Yes, we find Frances Barnwell, Louise Pollard, and Corina King. Frances, the pianist, and Louise, the violinist, are accompanying Corina who, only a few months ago, finished at a vocal conservatory. Frances and Louise have studios in town while Corina is director of the Burlington High Glee Clubs.

Here comes a very dignified looking gentleman. It is Carlyle Isley, who has surprised us all. Of course we remember his good work in school, but we never dreamed that he would be an M.D. Dr. Isley has just returned from a meeting of the Medical Association which was held at Richmond.

Harold Smith and "Sis" Trollinger have now rolled up to the door in an old model Lincoln. Harold comes in trying to explain to "Sis," the big terra cotta and coal man of Burlington, a new principle in a radio that he has recently brought forth in his work at the General Electrical Laboratory in Schenectady.

They have brought from the station the member of the class who has made the longest trip to get to the reunion, "Jimmy" Haynes. Jimmy came from some place in Michigan, where he is owner of a large lumber mill.

The lunch bell is ringing so we must rush to join the others.

Sincerely,

LES RABILLARD.

### *Junior Class History*

On September 8, 1926, one hundred and twelve passengers, hoping to reach the Harbor of Knowledge, sailed from the Port of Ignorance on a four years journey across the Ocean of High School. With our banners of green and white and our motto, "Aim High, but Reach Higher," we made good headway. The conductors of the trip were Miss Webster, Miss Glasson, and Mr. Osborne. We selected as Captain, Charles Holt; and as his crew, Dorothy Sellars, Fletcher Moore, and Ethel Qualls. While on the first part of our journey some of our members were swept overboard by the waves of Latin, Algebra, and Science. During this time, too, we were saddened by the death of one of our beloved passengers, John Hinsdale. Before starting on the second phase of our voyage we anchored for three months in order to rest.

On September 7, 1927, we resumed our journey guided by Misses Scarborough and Carroll. This time we elected Thomas Whitley as Captain, and Brinson Rouse, Edna Bryan, and Margaret Boland as his assistants. Sailing proved to be difficult and in spite of numerous Detention Room slips the waves of Biology, Latin, and Algebra caused some of our passengers to be left behind. In June we reached port for another three months vacation before starting on the third part of our voyage, and it was during this anchorage that we were deeply grieved by the death of Alvin Cable.

On September 6, 1928, we set sail again with Miss Kernodle and Mr. Rhodes for our navigators. We elected Thomas Whitley again as our Captain, and Margaret Boland, Ethel Qualls, and Betsey Brown Murray, his helpers. French and Geometry made the journey rough and hazardous, but, being more accustomed to such disasters, due to our long experience on the Ocean of High School, we thought less of our perils and more of amusement.

It was during this period of our journey that we gave two charming entertainments; our Hallowe'en Party and the Junior-Senior Banquet. At our Hallowe'en Party we presented two plays, "Red Carnations" and "Who Was Scared," which were pronounced a great success. In April we gave a delightful banquet at Maple Avenue School in honor of the Seniors. Thomas Whitley, our distinguished toastmaster on this occasion, directed us through an enjoyable evening just before we again came into port, our last rest before setting out on the final and most interesting part of our voyage across the Ocean of High School.

LOUISE HORNER,  
PAUL BURKE.

### *History of Class Thirty-one*

On the seventh day of September, 1927 A.D., our Ship of Hope, with a crew of one hundred and eighty-one passengers left the Harbor of Ignorance for the Harbor of Knowledge. It sailed under our banner of red and white with our motto, "Serve Rather Than Be Served." Wilson Cheek, president; Dorothy Jones, vice-president; Ruth Gross, secretary; and James Durham, treasurer, were the ship officers. The guides and navigators taken along were Miss Lucy Glasson, Miss Annie Webster, Mr. J. V. Dabbs, and Mr. Lowell Osborne.

On the fifth of September, 1928 A.D., the Ship of Hope resumed its journey from the Harbor of Delight across the Sea of Ignorance. Many of the crew over-stayed leave, others joined the crew of other ships sailing toward the same goal, and a few from other ships joined our crew, so that when a count was made the passengers were found to consist of one hundred thirty-four.

This year the ship's officers are Vester Small as president, Robert Self as vice-president, Mary Barbara Moser as secretary, and Eula Henry Love as treasurer.

Miss Rutherford, Miss Sellars, Miss Shepard, and Mr. Osborne lent their assistance as navigators.

### *Freshman Class History*

On September the fifth, nineteen hundred and twenty-eight, one hundred and fifty-five carefree and green Freshmen boarded "The High School Ship." With our banner of green and gold fluttering in the breeze, we set our sail towards the far-away port of Knowledge. We had had as yet very few trying experiences on the Sea of Learning. It did not take us long to realize that there were seamen aboard our ship who were more experienced than we—the Sophomores, Juniors, and Seniors.

We organized our class and chose as president one of our most capable members, David Sellars. Other officers who were chosen to help him guide our vessel over the rough Sea of Learning were Elaine Stadler, vice-president; Ollie Watts DeMoss, secretary; and Clyde Fowler, treasurer.

For the first few months of our trip some became tired and dropped out, but as the nearest port came in view, our hopes brightened.

After resting three months in the "Harbor of Delight" we will again set our sails on the "Sea of Learning" with brighter hopes to gain the "Harbor of Knowledge" in the three years to come.

### *Freshman Class Poem*

The Freshman Class of '28  
With its hardships and its foes,  
Will play along at any time  
But working as it goes.

We started out as little tots  
For school on our first day,  
We did not want to go, of course,  
But you must, our Mothers would say.

And soon we saw our teacher  
But yet, not with a frown,  
She led us in and gave us seats,  
Then for work we must settle down.

And now as we are Freshmen  
And know just what to do,  
We will work our very hardest  
Just to show others what to do.

DORIS HILL.

The Student Council of Burlington High School, composed of the presidents and vice-presidents of each homeroom, was organized in the fall of 1929. The greater part of the interest and activity of the council during its short existence has centered around the publication of a Students' Hand Book which will be ready for distribution before school closes for the summer vacation.

The council sent five representatives to the North Carolina Student Council Conference, held in Asheville, N. C., March 1st and 2nd. These representatives took an active part in the discussions of the conference and brought back many valuable ideas and suggestions for improving our school.

With only one letter man from last year's squad the boy's basketball season was spent in building up a team. Before the season was over the team was playing stellar basketball. The squad will lose four letter men by graduation and we have three letter men left to build a team around next year.

The girls had no inter-school athletics this year, but much interest was shown in inter-class games, due to the new point system by which a girl is able to win a school monogram. Basketball, always a popular sport, had many players, both new and old. The Seniors succeeded in defeating all other teams in the class games.

In the fall of 1928 the Hockey Squad of the Sophomore Class went into its second year of playing. The team had improved lots since last year and was looking forward to doing great work. At the end of the season the Sophomore squad was declared the championship Hockey Team of B. H. S.

This year the girls did not have a regular team to meet and play with other towns, instead they had inter-class games where every girl on the squad had a chance to play at least one time during the season.

Miss Lolita Cox, *Couch*

Ready! And waiting for you.  
Serve! We'll serve you true.  
Love! Game!  
And that's the way it goes!

Tennis is just as fascinating this year as it always has been. However, we are even expecting greater achievements under the leadership of our competent director. The girls in this picture are the ones who played for their class last year, but the ones for this year's team have not yet been chosen.

### *Boys' Tennis Squad 1929*

Allen Mebane ..... *Court Manager*  
Mr. E. C. Leonard ..... *Faculty Manager*

The tennis squad this year is composed of practically all new material. Although not seasoned players a successful season is predicted. The first match with Chapel Hill resulted in a tie. The prospects for this year are very encouraging, and great success is anticipated.

In the State Meet at North Carolina University Burlington will be represented by Allen Mebane, Daniel and Philip Jones.

### *Intra-Mural Athletics in Burlington High School*

For the third year Burlington High School, a true believer in clean and wholesome athletics for all students, has displayed her interest in inter-class sports by giving to every member an opportunity to contribute points to his class.

A large loving cup was donated to the school in 1927 by the Kiwanis Club of Burlington. In 1927 it was won by the Class of '27; in 1928 it was won by the Class of '29.

Each year the cup is presented to the class receiving the greatest number of points for the following athletics: basketball for boys and girls; track and field events for boys; hockey for girls, captainball for girls; tennis doubles and singles for boys and girls; league and indoor baseball for boys; volleyball for boys; physical ability tests for boys and girls.

Each respective sport carries a total score of seventy points. For first place, twenty-five points are awarded; for second place, twenty points; for third place, fifteen points; and for fourth place, ten points. The highest grand total of points at the end of each year determines which class will be entitled to keep the cup for the following year and put its numerals on it. The cup will remain permanently in the school.

### Boy Scout Patrol Duty

In December the question of the school pupils' walking on the railroad tracks was brought before the student body. Interesting talks on the subject were made by several of the pupils and Mr. Halfacre. It was proposed that the High School pupils refrain from using the tracks as a thoroughfare, not only because of their personal danger, but the example that was placed before the younger children. One hundred percent of the students voted to use the underpass and not the railway grade crossing.

The Boy Scout Club consented to sponsor a movement to take in charge the patrolling of the crossing at various places along the track. This movement has in a large respect helped to keep the students off the tracks and avoided possible accidents.

### High School Ladies Hostess at Tea

One of the most delightful social events of the season was the informal tea given Friday afternoon at 4:30 by the lady teachers of the high school faculty to the high school girls and their mothers in the high school auditorium.

The seats had been removed and the entire hall was gorgeously decorated with floor baskets, vases, and jardinières of dogwood and red-bud, with a few potted plants, and vases of wisteria, the entire effect being most spring-like and lovely. Chairs and settees were placed about and the guests lingered and chatted and listened to splendid music rendered the entire time by the high school orchestra, under direction of M. Z. Rhodes.

Mrs. C. C. Haworth and Mrs. W. D. Halfacre sat at a large table and poured tea. Mrs. Bradley had charge of the tea and sandwiches, which were served by the members of the Hostess Club of the high school.

The teachers receiving and entertaining the guests, besides those mentioned, were Mrs. Paul Jones, and Misses Lolita Cox, Emily Young, Attrice Kernodle, Florence Rutherford, Gertrude Shepard, Annie Webster, Marie Sellars, and Ida Walters.

Copied from *Burlington News*.  
Issue of April 9, 1929.

### The Junior-Senior Banquet

It is agreed that the greatest social event of the school year is the banquet given by the Juniors in honor of the Seniors. The Class of '30 certainly maintained this standard, when they entertained on April 12th for the Class of '29 and the members of the faculty. On this occasion the cafeteria of the Maple Avenue School was beautifully decorated in rose and silver, the Senior Class colors. Places were laid for one hundred and seventy guests at the rectangular table which was lovely in the soft light cast by numerous rose candles. Quantities of sweet peas, the Senior Class flower, were used on the table and the place cards carried out the same motif. A bounteous four course dinner was graciously served by girls from the Sophomore Class.

Thomas Whitley, president of the Class of '30, served as toastmaster.

### Senior Hi-Y Social

One of the most enjoyable social affairs of spring was the Senior Hi-Y Social. At this time the members of the Senior Hi-Y Club were hosts to young ladies of their choices and the Junior Hi-Y members and their girl friends.

The social was held in the High School auditorium on the night of May 3rd. The sponsors of the two clubs and their wives were chaperones.

A very interesting program that reflected much credit on the participants was rendered. The nature of the talks showed an earnestness on the part of those who spoke. After this part of the program games and stunts were enjoyed. These were under the able direction of Miss Gertrude Shepard.

The refreshment committee fulfilled its part in contributing to the success of the affair. Pie a-la-mode and fruit punch were served.

### Men Are Hosts to Boys

A real "stag" party was held in the High School auditorium on the night of March 15, 1929. At that time the men of the faculty were hosts to the boys of the student body.

Several of the nearby high schools had been invited to send representatives. Winston-Salem, High Point and Greensboro responded by each sending a representative of their Student Councils.
